Dear FCC:

Why do you need to raise the prices they are high enough.

Thank you for your prompt attention to this matter. Please provide a written
response indicating the status/resolution of this matter.

to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how
they use their wireless phone, especially for a low-volume user that relies on
wireless service for safety and security, not interstate calls. The current
policy is fair, based on interstate usage, and should be left alone. Please do
not penalize us. Keep this fair.

I have a disablitlity and count on my wireless phone in case I have a problem
when I'm out and I don't think I can't afford much more for my service, I think
having wireless service is expensive enough.
Thank you
